The world is changing and we are too.

More and more Americans want to make positive changes to their lifestyles. We’re doing our part to make it easier for them to achieve their goals.

In 2010, we’ll be introducing 90-calorie, portion-control mini-cans of Coke® and Sprite®. Because achieving a balanced diet and active lifestyle doesn’t mean you have to sacrifice everything you enjoy.

We’ll also be including key calorie information on the front of all our packages in addition to the back. At a glance, you’ll be able to find calories per serving and servings per container information even more easily.

To learn more about what we’re doing and why we’re doing it, join us at livepositively.com.
