

Beverage and Snack Options that Meet NANA Vending Standards

Items listed below meet the National Alliance for Nutrition and Activity (NANA) vending machine standards. This list does not contain every product that meets the standards, but it offers a sense of what types of products could be placed in healthier vending machines. In addition to the products listed below, look for local and regional companies that offer products that meet these standards. The NANA standards and additional resources on healthier food choices for public places are at <http://www.cspinet.org/nutritionpolicy/foodstandards.html>.

Once you have identified qualifying products, hold taste tests and have employees vote for their favorite options. This will assist in determining the best options for your site. In addition, educate employees about why nutrition standards are being implemented to help ease the transition to healthier products.
